### Events in Kansas City

*Reporting: Alysia Drummond*

- Alysia reported that she reached out to a couple members in the Kansas City area to explore a coordinating committee to plan KC area events. So far no one has replied, so Alysia will reach out with an invitation for a spring meet-and-greet event in the area.

## **Events in Nebraska**

## **TREASURER'S REPORT**

Bank account balances as of February 28, 2025, were reported by Leslie. Leslie reminded that the chapter will pay for one event in each region of our chapter during the year.

## **COMMUNICATIONS**

Matt reminded everyone to send any news items for the next newsletter, and anything to share on LinkedIn. Matt will share the virtual meeting planned for April 9 to be included in the next newsletter.

## **MEMBERSHIP**

*Reporting: Heather McNeill*

Since the last report:

- Current active membership in the MidAmerica AMWA chapter is 103 members and one new member.
- Heather says she is still getting members from outside the area, but she directs them to affiliate with their regional chapter.

## **CAC (Chapter Advisory Council)**

*Reporting: Sunali Wadehra*

The CAC group met in February. Sunali will email the PowerPoint presentation to the group. AMWA has their strategic planning committee working on a new plan for AMWA. The last plan was written 10 years ago. AMWA national committee will be working with chapter leaders to develop the way forward. Discussion surrounded how to develop virtual connections outside of geographical boundaries for chapter membership. Leslie and Joanne will be in focus groups to help direct strategic work. Matt encouraged everyone to share ideas with Sunali or anyone in a focus group.

## **OLD BUSINESS**

Nothing from the previous meeting was discussed except to continue virtual meeting planning for 2025.

## **NEW BUSINESS**
